**2022-2023  
FALL/WINTER  
ACTIVITY GUIDE**

## Breuer Park Update

The Breuer Park, 80 acre development is coming to life after many years of planning. The multi-purpose playing fields have been graded and seeded, with grass already starting to grow in (pictured to the left). A large retention pond has been dug out and is already serving its purpose of a storage area for storm water. Many other features can also be noticed at the park including the contour of the large parking lot, walking trail, and baseball fields. We are excited to see the first phase of this project come together and can't wait for a fully functional space for the community to enjoy!
